OVERVIEW

The best lightest tablet with WXGA display

If you're seeking a practical and powerful tablet, it's hard to deny the advantages of choosing one of the lightest options available.

Real-time Data Connectivity

Real-time data access to the right information is very important to mobile users. S101M9 android series offers GPS, WLAN, BT and optional 4G LTE which enable users to get connect in the way that best suits their needs. With the built-in camera on the rear side, users can capture photos, videos, documents instantly; or utilize the front camera for application such as user self video recording, or video communication.

Brilliant 10.1" Display with Ultimate Touch Capability

The 10.1" S101 series features projected capacitive (PCAP) multi-touch technology for an improved user experience. It facilitates effortless window switching, snapshot capturing, zooming, and object rotation, maximizing the touch interface's capabilities. Additionally, it supports Rain, Glove, and Stylus modes for versatile operation.
